Selection Committee

Training European Network:
Metabolic Dysfunctions associated
with Pharmacological Treatment of
Schizophrenia TREATMENT

Grant Agreement number: 721236

TREATMENT

Members

The Selection Committee (SC) endorsing the European Charter & Code for Researchers will ensure an open, transparent and based on merit candidate selection process. Members of the SC will include the ESRs supervisor/s and co-supervisor (key person from a different institution and complementary area of research and member of the consortium), and a member of the External Advisory Board (EAB).

The EAB will provide external supervision of ESRs activities. It is composed of 5 members that are internationally recognized experts in their field, and whose expertise covers all research and training aspects of the consortium. The member of the EAB who will participate in the Selection Committee will be *Manuela García López, PhD* (manuela.garcia@uam.es) Professor of Pharmacology (UAM) and Vicepresident of Instituto Teófilo Hernando for R&D of drugs, Madrid, Spain and she will participate in the Selection Committee.
